About Us

Did you know that we are massage therapists too? We know what it takes to run a successful massage practice. We can help you to do the same.

Our company was founded in 1986 by massage therapists with the mission of teaching business skills to help other therapists achieve success in their massage practices.

Following the trends in the market, our course schedule grew to include medical massage and spa-related courses.

We were the first massage therapy CE provider to offer Seminars at Sea and we have expanded our Adventure Learning opportunities to include Costa Rica and Las Vegas Success School. Make plans to join us on an education vacation.

Our Credentials

Most states require Massage Therapy Continuing Education providers to be NCBTMB approved. **We are approved by the NCBTMB, Provider #450001-05**, to provide continuing education to massage therapists on a national level.

There a handful of states that have different requirements. We are have **NY** sponsorship through the NCBTMB for the following classes: Day of the Back; Day of the Neck; Posture & Pain, Upper Extremity, Lower Extremity; Lymphatic Drainage Making Money with Chair Massage and certain levels of Thai Yoga Massage.

For the State of **Mississippi**, we are certified to offer Day of the Back; Day of the Neck and Lymphatic Drainage.

We are an approved provider for all in-state classes that we offer in **Florida** and **Texas**.

If you have any questions regarding CE approval for your state, please [check with your state](#) or call us at #800-201-2247.

Our Policies

Minimums We must reach a minimum number of attendees in order for us to be able to go forward with any class. You will know that we have reached our minimum when you receive a confirmation letter in the mail with a map to the location of the class and a letter indicating what supplies should be brought to the class. We suggest that you wait to receive your confirmation letter before scheduling travel plans or making hotel reservations. We accept no responsibility for fees associated with a class cancellation aside from the class tuition.

Cancellation Policy *For Classes:* If it is necessary for us to cancel a class, you can choose to receive a refund in the same manner as your payment, you may take a class credit or often times we can switch to the same class at a different location. If it is necessary for you to cancel a class more than thirty days prior to the seminar, you can receive a refund or a credit. If you cancel thirty days or less prior to the seminar, all amounts paid are credited towards a future class. As of 1/1/17, all credits expire on or before 1/1/18. *For Cruises:* Any travel cancellation is conditioned by your cruise reservations. For class registration, the thirty day class notice applies. *For Costa Rica:* A minimum deposit of \$350 per person must be made to hold your reservation. 50% of the total due will be billed to your credit card on file ninety days prior to the trip. The total balance is due and will be billed to your credit card on file thirty days before the trip. If you need to cancel this more than ninety days prior to the trip, your deposit is completely refundable. After this time, you will receive a credit towards a future trip or classes. As of 1/1/17, all credits expire on or before 1/1/18. Policies are subject to change.

Class Review Policy After you have taken a class, you may review the class for no charge for up to a year from the date in which you first took the class. You may take the class for half-price for up to two years. You will need to bring your original course materials with you to class and you will not receive additional continuing education credits for a course review.

Class Locations From time to time it is necessary to change a class location. We will provide you with as much advance notice as possible and the new location will almost always be very close to the location originally scheduled for the class to be held.

Instructors We are unable to guarantee that a particular teacher will teach a particular class. In most instances, the instructor scheduled to cover a class will do so, however scheduling conflicts may occur. We reserve the right to substitute an alternate teacher to cover a class. All of our instructors are skilled, highly trained professionals in our industry and duly authorized as continuing education providers. Most of our instructors are independent contractors responsible for their own class content and administration.

Our Teachers

We have chosen some of the finest massage educators in the business to provide you with continuing education.

All of our teachers are licensed, certified or otherwise duly credentialed to provide continuing education to massage therapists in the states in which they offer classes.

All of our teachers are either seasoned therapists themselves or are chiropractic physicians. All maintain or oversee a regular massage practice.

Course Locations

We teach a schedule of classes in many major cities across the United States. We also teach on cruises to various exciting ports of call and at several locations in Costa Rica.

Our schedule is updated many times throughout the course of the year. If we are not currently offering classes in a location near you, we may be soon.

When will there be a class near me?

- Check our website to [view the current seminar schedule](#). We will also give you an idea as to when our schedule will again be updated and the region of the country in which those classes will take place.

Are you ready to be an MMP?

See what other students are saying about this certification:

➤ This information and protocol is exactly what I have been looking for. Not only does this class provide all the techniques I have wanted to be able to offer medical massage, it has educated me in the ways to set up the business side of my practice. I easily attained my NPI number and feel like I am ready to hit the ground running toward networking with doctors and other medical professionals. Outstanding! It has given me the knowledge to work smarter, not harder. **Rachel T., Paso Robles, CA**

➤ This class was the best class in my entire 16 years of working in the field of massage therapy, the techniques are very well planned out, easy to understand (educators are wonderful) and the patients just love it, they get off the massage table without pain. Thank you LMT Success Group. A class you must take! **Diane J. B., PhD., Hoffman Estates, IL**

➤ I have seen a significant increase in clientele since I have received my Medical Massage Practitioner certification. I now network with orthopedic doctors, also chiropractors and physical therapists. The benefits have been exceptional, with amazing health improvements in my clients and additional referrals from these healthcare professionals. **Carolyn T., San Antonio, TX**

➤ This MMP Certification is wonderful. I am amazed at the referrals received this past year from orthopedic and work comp physicians, chiropractors and physical therapists. **Steve Matthews, RMT, MMP**

Day of the Back - Learn neuromuscular and myofascial techniques to effectively assess and treat lumbago, pelvic tilt, post-op back surgery, sciatica and more.

Day of the Neck – Learn neuromuscular and myofascial techniques to effectively assess and treat whiplash, torticollis, cervical strain, ROM limitations and more.

MMP Class Descriptions

Master's Level Series

[Posture & Pain](#) – Learn about postural distortions, how & why massage therapy works, perform body reading and learn to evaluate misalignments.

[Lower Extremity](#) - Learn specific techniques to correct postural misalignments of the lower extremity including shin splints, Chondro-malacia, Plantar Fasciitis, and more.

[Upper Extremity](#) - Learn specific techniques to correct postural misalignments of the upper extremity including frozen shoulder, rotator cuff strain, tennis elbow and more.

Medi-Spa & Spa-Based Courses

[Advanced Medical Massage](#) – Learn advanced muscle testing techniques and corrective protocols to get results with minimal strain on the therapist. Learn medical massage practice building for referrals and repeat business.

[Advanced Sports Massage](#) – Course includes A&P and Kinesiology review, effects of sports massage on athletes, stretching, MET, PNF, analysis of postural deviations and pain patterns, and general acute injury evaluation.

[Arthrossage](#) - Learn about the autoimmune disease process and how to apply myofascial release techniques, trigger point work and other manual therapies that are appropriate for clients/patients with arthritis and other rheumatic conditions.

Medi-Spa & Spa-Based Courses

[Kinesio Taping](#) – This is an introductory level class that covers the benefits and application of Kinesio Tape to promote healing and functional movement.

[Lymphatic Drainage](#) – This is a succinct and affordable 2-day certification program that will give you the knowledge and ability to immediately incorporate manual lymphatic drainage into your practice. This class is geared specifically to the massage professional and deals strictly with manual lymphatic drainage. The full body protocols can be used for specialty lymphatic drainage massage or can be incorporated into your regular practice.

[Lypossage](#) is a non-surgical, manual body contouring technique with proven results. Learn a blend of massage techniques including deep tissue and deep lymphatic drainage that will work to decongest tissue by cleansing stalled lymphatic fluid and break up the adhesions that contribute to the uneven dimpling of the skin. Firm muscles and lift sagging tissue.

Medi-Spa & Spa-Based Courses

[Massage Cupping](#) - Learn to use suction created by the cups to provide a negative pressure, allowing you to work much deeper with no client discomfort and no strain on your body. In this dynamic course you will learn a full body lymphatic drainage treatment using the cups.

[NMT for TMJ](#) - This is a deep therapeutic application to the neck, shoulders, intra-oral, cranial and extraocular muscles. It is designed to utilize mechanical and physiological processes of the musculoskeletal system to correct and rehabilitate injured, traumatized or fatigued or over used muscles of these areas. It will help a client/patient manage pain and increase quality and well being.

[Thai Yoga Massage](#) – Learn a full body traditional Thai Massage Protocol or learn a Table Thai routine. This may be the most effective bodywork that you ever experience.

WorkSmart Business Classes

[Make Money with Chair Massage](#) - In this dynamic one-day class, we will teach you a simple, effective, almost effortless routine which will allow you to immediately and consistently make money with your massage chair. Learn the "secrets" to success at trade shows and festivals including how to earn \$1,000+ in one weekend. Get companies, not employees, to pay for your services. Multiply yourself by easily and legally subcontracting your work and much more.

[How to Throw a Massage Party](#) - Earn one week's income in one night's work. You never knew massage could be so much fun! Join us as we tell you about the most exciting and fun marketing program that exists. "Massage Parties" are home demonstrations that are specially designed to build your massage business fast and for big profits!

WorkSmart Business Classes

[LMT Tax Workshop](#) - In this fast paced seminar, we take you step by step through your Schedule C tax return, then show you how to take travel deductions, write off home office and auto expenses and claim deductions on things you do anyway. Minimizing your taxes is not just good business, it is good common sense!

[Marketing Massage](#) - This is the ultimate practice building seminar! Learn hundreds of market tested techniques to attract and keep massage clients. Learn low cost or no cost methods to get all of the massage business that you will ever need.

Tax and Marketing Series – This series of seminars includes both the LMT Tax Workshop and the Marketing Massage class, mentioned above.

Costa Rica Adventure Learning

Pura Vida Spa – Spend 8-days and 7-nights at this internationally acclaimed yoga resort nestled in the mountains of Costa Rica. You will enjoy exotic adventures, meet new friends and learn from some of the most highly regarded massage therapy teachers in the world. This really is the trip of a lifetime.

Iguana Lodge – If you are looking for a fabulous jungle beach eco-adventure, this is the place to be. You can select this as an add on to the Pura Vida trip (5-day, 4-night) or as a stand alone adventure (7-day, 6-night.) Classes complement the curriculum offered at Pura Vida.

Education Vacation Cruises

Not only can you advance your massage therapy skills and learn to build a lucrative practice, you can also have the time of your life while you are earning your continuing education credits.

We offer several opportunities throughout the course of a year for you to earn your CE's while at the same time enjoying an education vacation. Classes are only scheduled on sea days so that you will have plenty of opportunity to enjoy exotic locales, go on exciting adventures or just chill out and relax.

Since we have such a high rate of frequent cruisers we do change our course offerings and visit a variety of Ports of Call. The only question is, where do you want to spend your education vacation this year?

Office Management Software

If you are running a medical massage practice, you will surely want to invest in an office management software system.

We recommend [Island Software Massage Office Professional 2016](#). We have been using this software system at our offices for years and find it to be the best, most complete, easy to use system around.

This program will make running your business easier, faster and more efficient. It includes everything you need to keep track of your clients, schedule appointments, maintain a SOAP note system, bill insurance, track payments, control inventory and more.

Tools of the Trade

DVD's and Books

The best way to solidify what you have learned in your Medical Massage Practitioner Certification classes is to practice it. Sometimes it is hard to remember every detail, so we are pleased to offer a [DVD Review of the Medical Massage Practitioner Certification course](#). This includes the Day of the Back and Day of the Neck Series and the Upper Extremity and Lower Extremity Series.

The presenter is one of our most popular instructors, Shamaya Chah, who skillfully leads you through step-by-step protocols reviewing what you have learned in the respective classes.

Trail Guide to the Body by Andrew Beil. We love this book and recommend it as a study aid. This is a must have for your massage practice.

Modalities

[Massage Cups](#) are such a useful item to have on hand to help to alleviate your client's pain. The suction of the cups allows you to work at a very deep level and address issues that you might not otherwise be able to. Of course, we recommend first taking the [Massage Cupping class](#) or other such training to be sure that you are proficient in their use.

The [Pointer Plus E-Stim Device](#) is another great tool to have at your disposal. It is an easy to use trigger point locator that incorporates a push button stimulation feature to immediately treat the affected area. It is as simple to use as pressing the button on the top of the device to the stimulation mode for immediate point location and treatment.

Thanks for your interest in our seminars.
